005 ALPHANUMERIC LICENSE PLATE CLASSIFICATIONS BASED UPON THE REGISTRATION OF THE MOTOR VEHICLE.

005.01 Regular Passenger, Mobile Home, Bus, Motorcycle and Commercial Truck Plates: A motor vehicle registered as a passenger car, mobile home, bus, motorcycle or commercial truck shall have alphanumeric plates assigned at random.

005.02 Special Alphanumeric Codes Start with "X" or "Z". Alphanumeric plates that begin with the letters "X" and "Z" are reserved for particular motor vehicle registration types. An alphanumeric plate which begins with "Z" is a specially registered motor vehicle as follows:

005.02A Local Truck Plate: On a motor vehicle registered as a local truck the alphanumeric plate shall begin with the letters "ZB". This includes a truck and combinations of trucks, truck-tractors, or trailers or semitrailers operated solely within an incorporated city or village or within ten (10) miles of the corporate limits of the city or village in which they are owned, operated, and registered. (Example: ZBA 001.)

005.02B Special Equipment Plate: On a motor vehicle registered as special equipment the alphanumeric plate shall begin with the letters "ZS" in the first position. This includes trucks, truck-tractors, or combinations of trucks or truck-tractors and trailers or semitrailers which are not for hire and are used exclusively to travel to and from the well site including (a) the well rig truck, (b) the boom truck, (c) the water tank truck, and (d) such other motor vehicles as are used exclusively for transporting well-boring apparatus to and from the well site including the drill stem, casing, drilling mud, pumps and related equipment, and well-site excavating machinery or equipment and (2) well-servicing equipment shall mean equipment used for the (a) care and replacement of down-hole production equipment and (b) restimulation of a well. (Example: ZSA 001.)

005.03 "X" Trailer Plate: On a motor vehicle registered as a trailer the alphanumeric plate shall begin with the letter "X" in the first position. This includes any motor vehicle without motive power designed for carrying persons or property and being pulled- towed by a motor vehicle and so constructed that no part of its weight rests upon the towing motor vehicle. (Example: XAA 001.)

006 MESSAGE PLATES. The following conditions apply to all personalized message license plates:

006.01 Message Plates May Use the Correct County Prefix Only. County prefixes may be used for message plates in counties using the alphanumeric system for motor vehicle registration only. The numerals in the county prefix shall be the numerals assigned to the county, set forth at subsection 004.01aA of these rules and regulations, in which the motor vehicle is registered. The numerals in the county prefix and the hyphen count against the maximum number of characters allowed. (Example: A ~~Douglasian~~Douglas County message plate may have a "1" prefix only, a ~~Lancastrian~~Lancaster County message plate may have a "2" prefix only, and a ~~Sarpian~~Sarpy County message plate may have a "59" prefix only. No other county prefixes may be used on message plates unless the county starts to use the alphanumeric system.)

006.01A Renewal of County Message Plates. Renewal of a personalized message plate containing a county prefix shall be conditioned upon the motor vehicle being registered in such county.

006.02 Message Plates Are Number and Letter Only. Except for the dash permitted in county prefix message plates, message plates have characters of letters and numbers and spaces only.

006.03 Number of Characters: Seven-(7). A maximum of seven (7)-characters may be used for regular size license plates.

006.03A Motorcycles Use Six-(6). A maximum of six (6)-characters may be used for motorcycle plates due to the smaller size.

006.04 Each Message Plate must Be Unique. The letters and numbers, without considering dashes or spaces, in the order used shall not conflict with or duplicate any registration number used or to be used on the regular license plates.

006.05 No Obscenity. The characters in the order used shall not express, connote, or imply any obscene or objectionable words or abbreviations.

006.06 Truck Message Plates. An applicant receiving a personalized message license plate for a farm truck with a gross weight of over sixteen-(16) tons or a commercial truck or truck-tractor with a gross weight of five (5)-tons or over shall affix the appropriate tonnage sticker to such plate.

006.07 Department Is Final Arbiter of Message Plates. The Department shall have sole authority to determine if the conditions described above have been met.

006.08 Fees. In addition to the normal costs of registration, all message plates, including county number message plates in the alphanumeric counties, cost thirty dollars (\$30.00). Special graphic plates (i.e., Husker Spirit message plates) cost seventy dollars (\$70). There are other fees that may apply to registration of motor vehicles with other license plate types.

006.09 Disclaimer. Nebraska has numerous laws applicable to motor vehicle registration and license plate types. These rules and regulations are not a comprehensive reflection of all such laws but are specific to alphanumeric plates.
